

5.3 LEARNING GOAL PROGRESSION

Use the template to show how a learning goal in your grade/course is linked to the knowledge and/or learning goals of upcoming grade(s)/course(s).

NEW LEARNING GOAL

TOPIC / CONCEPT / BIG IDEA / STANDARD / EXPECTATION

Linear Equations

Writing linear equations given a slope and a single point.

FUTURE KNOWLEDGE & UNDERSTANDING

TOPIC / CONCEPT / BIG IDEA / STANDARD / EXPECTATION

Linear Systems

Recognising the equation of a line in various forms.
Determining the solution for a system of equations both graphically and algebraically.

FUTURE KNOWLEDGE & UNDERSTANDING

TOPIC / CONCEPT / BIG IDEA / STANDARD / EXPECTATION

Quadratics

Using knowledge of quadrants and slope to explore parabolic graphs
Manipulate the equation of a parabola to represent a given situation
